

Extra Inserts are available in several forms & can be either in an uncut condition to act as an opening filler or cut to fit around your sewing machine. There are now 6 sizes available depending on which sized rectangular opening you have:

**Inserts (have a lip around the edge)**

- 1925 (Hide-away) £34.95 inc P&P (300 x 285mm approx.)
- 1927 (Standard) £46.95 inc. P&P (480 x 285mm approx.)
- 1929 (Long) £49.95 inc. P&P (530 x 285mm approx.)
- 1932 (Maxi) £59.95 inc. P&P (615 x 325mm approx.)

**Insets (have no lip)**

- 1942 (QD Mk2) £59.95 inc. P&P (615 x 330mm approx.)
- 1952 (Sewers Vision) £59.95 inc. P&P(625 x 339mm approx.)
- Flatbed adapter kit(Only suitable for 480 & 530mm opening)
- 1928 £49.95 inc P&P

**HORN.....always evolving to meet your needs!**

Horn who's heritage date's back some 90 years, originated in Germany and has been available in the UK for over 30 of these. Horn is always keeping a close eye on new developments in the Sewing & Craft industry and has seen particularly in the last few years a large increase in heavier, longer armed sewing machines; e.g. the Janome Horizon Range, Husqvarna Diamond series and now the Brother V Series & Bernina 700 & 800 series are to name but a few.

These machines are to keep up with the increasing demand by you for more powerful Quilting, Patchworking and Embroidery equipment. The longer arm's and larger throats on these bigger new machines is to allow for an easier flow of larger amounts of material but because of this many do not fit into older Horn units which in the past have been fitted with our 1927 Standard sized air-lifter, (this has a 48cm length rectangular hole opening). Horn swiftly responded to this by developing not one but two longer Horn 'push down release' air lifter systems; the 1929 (53cm length opening) and now the 1932 (61.5cm length opening.) The 1929 Long lifter is now fitted to our entire range apart from one model, the CUB *plus*, which is fitted with our standard sized lifter and we now have 5 models fitted with our 1932 Maxi-lifter these are the Superior, the Maxi Outback and now three newer models, the Quilters Delight Mk2, the Calypso & now the Sewer's Vision. These larger lifters are able to fit not only all the newer larger sewing machines but are also fine for all existing standard sized machines that have been available over the years.

**HORN..... solid quality, experience & delivery service**

Unless otherwise stated all *our* furniture in this brochure will arrive delivered by *our* drivers in *our* vehicles- **this guarantees you only the very best service** - it will be fully assembled, not **flat packed** (except the Stella) and all units, regardless of price, benefit from Horn's unstinting attention to quality & detail. For example;

- 1/ Ample use of large Castors. This isn't just for easy mobility it's also for stability!
- 2/ Good fixings, parts & construction - designed to last!
- 3/ Solid backs and bases. Many furniture manufactures will skimp on these areas mainly due to cost and because it's not usually a side that is put on display, but this can also reduce the strength of the furniture dramatically. This is one of the Horn secrets, our units gain a great deal of their stability and strength from this feature.

**HORN..... innovative by design**

This Horn range offers the very latest in design and ingenuity, which is something Horn has become well known for and is the culmination of decades of experience in sewing cabinetry & the craft furniture industry. You can rest assured that you will get only the best in manufacture and service with any model you choose to purchase from us. After owning a Horn, whatever the model, you won't look back. You'll feel pleasure and satisfaction every time you use it, either from the simplicity and ease of it's lifting operation, the comfort and practicality of its flat-bed sewing position, its quick and speedy set- up and shut down or maybe just while you're polishing it. After having to slave for years on any table handy, breaking your back sewing at incorrect heights or putting up with complaints that you're taking over the house, using it will be pure bliss. Isn't it time you owned a Horn?

Dealer Stamp

**Horn**

**AIR CONTROLLED LIFTING MECHANISM**  
*This easy to use system is adjustable to fit any domestic sewing machine flat-bed or free-arm*

**STORED**

**STAGE 1** - Your sewing machine is completely packed away

**FLAT-BED**

**STAGE 2** - Your sewing machine feed is now level with the top of the sewing cabinet for flat-bed sewing with filler plate

**FREE-ARM**

**STAGE 3** - Your machine is at the top ready to use the sleeve arm (sometimes called free-arm)

HORN..... Exceptional delivery & installation service; talk with any existing Horn delivery and they will have only praise for our service

- Zone A £29.00
- Zone B £39.00
- Zone C Price on request

Please be aware that there is only one driver to carry out the delivery and he/she cannot be held under any obligation to take your cabinet upstairs. Any stairs mounted are wholly at the driver's discretion Please also note that due to its boxed size it is not possible for our driver to take the SUPERIOR model (2042) up any stairs.

**An explanation of how our delivery system operates.**

Unless otherwise stated all our deliveries using our own vehicles will be carried out within a 28 working day period starting from the day of us receiving your order. This is not to be understood that the delivery will actually take place on the 28th day of your order, this period is only meant as a general guide and should be viewed as the maximum period that your delivery might be, it may well be that it will take place much sooner than this depending on when we are next in your area. What ever period it is we will never arrive unannounced and will always give you notice of delivery by telephone usually giving a minimum of 3 days notice with not only the day of delivery but also with a 3 hour delivery window on that day so as not to inconvenience you more than is necessary. With this our normal service your flexibility is appreciated and necessary to allow the delivery to take place with ease. Particularly in these current times we understand that keeping costs down has never been more important so whilst trying to keep our delivery system as good as it can possibly be we also try to keep our prices as competitive for you as possible. If however you require a quicker delivery than this we can offer an express service by using a specialist outside carrier, although this will incur an extra charge stock and the area that you live allowing, this can usually be made within a 7 day period from us receiving the order. (Please note that there is no installation of your cabinet with this service as the delivery isn't made using our representatives). Please contact us for more information on this service or for a tailored quote.

SPRING/ SUMMER 2013

Discover the world of HORN!

We reserve the right to change the construction, the measures, the colour and the design. All measurements are approximate & accessories are not included. The colours and veins of finishes are subject to technical alteration and deviations, the colours in this brochure are only meant as a guide, accuracy can't be guaranteed. Beech and White finished units are the same colour inside & out but other finishes have a cream effect interior- if in doubt please request a sample.

The  
SUPERIOR

- building on the success of the ECLIPSE—but bigger!

Fitted with our Horn Maxi air-lifter!

Ideal for the new extra large sewing machines, such as- the Bernina 700 & 800 series, Brother V series, Janome Horizon Range and Husqvarna Diamond amongst others but its not just for larger machines its also ideal for any size of domestic sewing machine!

(Take a look at the back page to see how the air-lift works)

The SUPERIOR - Fully expanded  
The clever design allows you to relocate the pull out caddy onto the door by means of keyhole connectors thus giving even greater access & leg room

The SUPERIOR - Closed  
From its large proportions when opened, it has the ability to close down dramatically

Finished with an attractive soft formed edge

Centre of needle sewing position & back supported work area - ideal for quilters

Wide open spaces!

CLOSED - WIDE 126.5cm (50") DEEP 56cm inc. drop leaf back (22") HIGH 76cm (29 3/4")

- ▶ Centre of the needle sitting position, allows you to be directly in front of the needle when sewing.
- ▶ Extra stable, open base construction; 12 easy rolling (4 lockable castors), are attached to a specially designed reinforced frame.
- ▶ 3 step push down release maxi air-lift mechanism means a quick push down moves your machine from storage to flatbed to free-arm positions and will fit all domestic sewing machines on the market old or new! Most overlockers too!
- ▶ A versatile caddy system which glides out easily and can be positioned for either close-in sewing/embroidery or quickly expanded to a more spacious operating set up. Spacious, see through door storage bins make finding thread etc.. Easy!
- ▶ The work surface is fitted with flush mounted non snag hinges.
- ▶ Two drawers with steel gliders and a handy magazine compartment which adds even more storage.
- ▶ Huge work area at the back of the machine. Lifts up easily when needed and down when not (so it doesn't have to be open all the time). It has a very sturdy gate leg design with Quilters/ Patchworkers in mind but is ideal for all sewing projects.
- ▶ Stores both a sewing machine and an overlocker. Or maybe a second smaller craft class machine
- ▶ Entire cabinet glides closed, and locks for child safety when not in use.
- ▶ Handy storage holder for your machine insert.
- ▶ Attractive soft formed edging finish to the tops
- ▶ Comes fully assembled, the cabinet is beautifully finished front to back, inside and out.

### Colour Chart

Teak, Beech, White

Building on the huge popularity of the ECLIPSE the SUPERIOR adds even more to that original break through design. It offers even more leg room, it has even more storage, it's designed with the much talked of 'centre of needle' sewing position, it has even more large castors, not just for easy mobility but for stability to, even with its large size they will enable you to move it easily into position. It has the huge work area at the back of your machine which is supported with a sturdy gate leg, this will allow you when needed the beauty of extra support with larger projects it will offer you comfort and consistency of stitch, something that you may never have experienced before. Due to it's individual design and size it allows the user to carry out several different projects at once, the user can stand to the right of their machine and piece together for instance whilst on the far left can sit at another piece of equipment, their overlocker perhaps or maybe pressing items with an iron and pressing mat - it allows you the room to decide. It's for those of you who want that bit more, who need that extra space, who have that bit more room to fill. It's the ECLIPSE but on a grand scale.

We regret that this cabinet is too big to be taken upstairs by our driver. MODEL 2042 Price includes flatbed insert (The Cutting mat shown is an optional extra)

The  
ECLIPSE

- the ECLIPSE puts all the others in the shade

**Centre of needle sewing position  
& back supported work area - ideal for Quilters.  
Fitted with our longer air-lifter.**  
(Take a look at the back page to see how the air-lift works)

**The ECLIPSE - shown here from the back view - gives a huge, sturdy, gate leg supported work area**

- ▶ Centre of the needle sitting position, allows you to be directly in front of the needle when sewing.
- ▶ Extra stable, open base construction; 8 easy rolling (3 lockable) castors, are attached to a specially designed reinforced frame.
- ▶ 3 step push down release air-lift mechanism means a quick push down moves your machine from storage to flatbed to free-arm positions and will virtually fit all domestic sewing machines on the market old or new!
- ▶ Spacious, see through door storage bins make finding thread etc.. Easy!
- ▶ Door storage bins are recessed under the lid by means of a specially constructed angled door system this allows your fabric to drape down without catching or disturbing the door bin contents.
- ▶ A large deep drawer with steel gliders.
- ▶ Huge work area at the back of the machine. Lifts up easily when needed and down when not (so it doesn't have to be open all the time). It has a very sturdy gate leg design with Quilters/ Patchworkers in mind but is ideal for all sewing projects.
- ▶ Stores both a sewing machine and an overlocker. Or maybe a second smaller craft class machine
- ▶ Entire cabinet glides closed, and locks for child safety when not in use.
- ▶ Handy storage holder for your machine insert.
- ▶ Attractive soft formed edging finish to the tops.
- ▶ Comes fully assembled, the cabinet is beautifully finished front to back, inside and out.

One of our most popular units of all time!

**It's popularity knows no end!**

From first viewing the advantages are immediately clear, it's compact enough to fit into any room, it glides easily into position on 8 castors, it's able to fit both a sewing machine and an overlocker, it's fitted with the longer lifter to allow it to fit most longer armed machines, it has an angled door not only to reduce swing out space into the room but also allow the door bins to recess under the lid to prevent catching of material and at the same time giving more support to the lid, it's now available in all of our 5 finishes, it's lockable with a key, it's got loads of storage and it's got a back work area. Simply put the Eclipse puts all the others in the shade.

**Colour Chart**

The  
QUILTER'S  
DELIGHT Mk2

- a uniquely designed Quilting table.... for you & your sewing machine!

It's what you've been asking for and now here it is....  
Introducing the New Quilter's Delight Mk2. You wanted :

- ▶ A large working area positioned all around you and able to support even the largest projects,
- ▶ A handy support to the right of the machine,
- ▶ A greater seating area ,
- ▶ More drawer storage,
- ▶ A large flat area to cut out / piece on when the machine is away,
- ▶ Arrives with everything included for one unbeatable price,
- ▶ The ability to accommodate even the largest sewing machines,

It's what you've been waiting for.... Order yours today!!

INCLUDED- the QD2 is automatically supplied with a filler piece (not pictured here) which fills in the hole left when your machine is stored away, so with the back area up it will create a large solid cutting area.

Huge working area when your machine is away and the back area is up

The QD2 - with the back work surface down

The QD2 - with the back work area up - rigid stability on the 2 supporting legs!

A work bench purpose made for Quilting!

You can add to your storage with our Rolla storage unit

INCLUDED- a handy mobile set of drawers which when stored sits tidily inside the main table, so reducing its floor space, but when pulled out to be used it can be moved to any position best suited for you. (In this picture the front flap has been removed to show how neatly the drawers store underneath)

Fitted with our Horn Maxi air-lifter!  
Ideal for the new extra large sewing machines- such as the Bernina 800 series, Brother V Series Janome Horizon Range & Husqvarna Diamond amongst others but its not just for larger machines its also ideal for all normal sized domestic sewing machines too!

(Take a look at the back page to see how the air-lift works)

- ▶ Centre of the needle sitting position, allows you to be directly in front of the needle when sewing.
- ▶ Extra stable, open base construction; 7 easy rolling lockable castors (main unit) & 4 on the set of drawers, attached to a specially designed reinforced frame.
- ▶ 3 step push down release air-lift mechanism means a quick push down moves your machine from storage to flatbed to free-arm positions and will fit virtually all domestic sewing machines on the market old or new!
- ▶ A Handy set of mobile drawers included.
- ▶ Back work area behind the sewing machine. Lifts up easily when needed and down when not (so it doesn't have to be open all the time). It has a very sturdy dual gate leg design with Quilters/ Patchworkers in mind but is ideal for all sewing projects.
- ▶ Additional filler piece (not shown) included. So you can fill in the hole that is left when the machine is down. This gives you a large area to cut out, piece on etc....
- ▶ Extra work surfaces to the right & left of you.
- ▶ Handy storage 'cubby hole' under the left side flap for machine accessories.
- ▶ Comes fully assembled, the cabinet is beautifully finished front to back, inside and out.

MODEL 2032 Price includes flatbed insert

# The CALYPSO

...one of our most ingenious designs.... ever!

Fantastic open seating area design

It will store both your sewing machine and overlocker or perhaps your smaller workshop sewing machine

- ▶ Centre of the needle sitting position, allows you to be directly in front of the needle when sewing.
- ▶ Extra stable, open base construction; 8 easy rolling (3 lockable) castors, are attached to a specially designed reinforced frame.
- ▶ 3 step push down release maxi air-lift mechanism means a quick push down moves your machine from storage to flatbed to free-arm positions and will fit all domestic sewing machines on the market old or new!
- ▶ Spacious, see through door storage bins make finding thread etc.. easy.
- ▶ Door storage bins are recessed under the lid by means of a specially constructed angled door system this allows your fabric to drape down without catching or disturbing the door bin contents.
- ▶ The work surface is fitted with flush mounted non snag hinges.
- ▶ A large deep drawer with steel gliders.
- ▶ Stores both a sewing machine and an overlocker. Or maybe a second smaller craft class machine
- ▶ Entire cabinet glides closed, and locks for child safety when not in use.
- ▶ Handy storage holder for your machine insert.
- ▶ Attractive soft formed edging finish to the tops.
- ▶ Comes fully assembled, the cabinet is beautifully finished front to back, inside and out.

The CALYPSO - still compact when Closed

Beautifully finished soft formed edges

Inspired door Design

Compared with many of our larger units the CALYPSO needs very little extra floor space when its closed

The radical CALYPSO design gives plenty of width and depth to give you greater leg room and ultimately comfort. Made even better if you add our Horn Hobby chair to enhance your perfect sewing position!

Like our SUPERIOR model the CALYPSO is made with greater depth to the cabinet .... which is another subtle way of adding to the perfect seating position

Fantastic central seating area. There's never been anything quite like this!!

The CALYPSO is based on one of our most popular designs ever- the Nova- but with some great new improvements!

CLOSED - WIDE 110cm (43 1/2") DEEP 52cm (20") HIGH 76cm (29 3/4")

CLOSED - WIDE 79cm (31") DEEP 44cm (17 1/2") HIGH 87cm (34 3/4")  
MODEL 1005 - (The Cutting mat shown is an optional extra)

- another great idea from Horn-  
a height adjustable hobby table that can fit your sewing machine!

This is real magic! Your sewing machine can be operated in either a table top position or lowered for an inset to be fitted it to give a huge flatbed sewing position. Alternatively you can remove your machine entirely and use it as a huge cutting out table. There's even a purpose made cutting mat available (like the HILO) which is made to fit the table dimensions perfectly.

It easily & conveniently folds up out of the way when not being used

NEED MORE STORAGE?  
You can add a Rolla storage unit to match in with this model!

- ▶ Tough, knock resistant ABS edging surrounds the top of the table- for increased durability.
- ▶ 1" thick table top for extra strength.
- ▶ Tilts for storage by means of a pull release catch mechanism to give back valuable floor space to a room.
- ▶ Easily height adjustable by simply turning a crank handle.
- ▶ Can be raised to work on above other furniture in the room.
- ▶ A large height adjustment range to suit virtually any user. Can be lowered to sit at or raised to stand and work at.
- ▶ Clever platform for the sewing machine to rest on; can either be dropped for flatbed use or raised for free-arm or embroidery arm use.
- ▶ Maxi aperture; giving it the ability to fit even the largest sewing machines on the market.
- ▶ 1 inset to fit sewing machine included
- ▶ Easily mobile on 4 large lockable wheels.

Fitted with our Horn **Maxi sized opening!**  
Ideal for the new extra large sewing machines, such as- the Bernina 700 & 800 series, Brother V series, Janome Horizon Range and Husqvarna Diamond amongst others but its not just for larger machines its also ideal for any size of domestic sewing machine!

Unrivalled freedom & Comfort.  
No more kneeling, bending or stooping .....for anyone

Easy and quick height adjustment by the turn of a handle.  
What could be more reliable or simpler?

4 large lockable castors

Great table size;  
60" by 40"  
Ideal for all craft use.  
Full size cutting mat available for this table

Colour Chart

Beech

The HILO

# - arguably the best craft table.... ever!

**The Horn HILO – the table that's taking the Sewing, Patchwork & Quilting community by storm.**

Something that we've been asked for over and over again in the past is a large work surface that has the ability to have its height adjusted. Well its taken its time and after pain staking development.... its now here! From first viewing what's immediately obvious is the quality and strength of its build, it has the same 1" inch thick table top as the STELLA unit this gives true support & strength when heavy duty use is required and it has a durable ABS knock resistant edge to put up with years of use. It's finished with a hard wearing, fresh and tasteful Beech veneer, the main construction is of strong steel covered in a home friendly cream anti- bacterial powder coating to keep it clean & sterilised and its fitted with easy mobile lockable wheels, which again are of a commercial grade finish. It is capable of adjusting from a comfortable sitting height of 70.5cm to a full 97.5cm standing height (approx), the overall work area is 102cm (40") x 152.5cm (60") something that will impress even the mightiest of its users. The height is adjusted simply by turning a crank handle which is situated on the side of the table, this crank adjustment has a high turn ratio which allows the user to smoothly and easily raise or lower the table even whilst weight is on it, be it a light project or even with heavier items such as sewing machine equipment. The hand crank system is simple but very effective, foolproof and extremely reliable with far less to go wrong, this will ensure years of trouble free service for which Horn has become renowned. But what if space is a problem? No problem another great feature of the HILO is that it allows the table to tilt upwards out of the way so when not needed it can give back valuable floor space to your room, once up it can be used as a handy design wall. As an extra there is also available a tailor made hobby/cutting mat which can be used for rotary cutting and will accept pins to hold your projects in place, this can be purchased together with the HILO or at a later date depending on your needs.

**Unrivalled freedom & Comfort.**  
**No more kneeling, bending or stooping**  
**.....for anyone**

NEED MORE STORAGE?  
 You can add a Rolla storage unit to match in with this model!

**It raises and lowers by the turn of a handle.**

# The STELLA

- Great storage and height to work at!

**Commercial build strength & quality!**

The STELLA (Closed)

Due to its height, strength & storage the Stella is perfect for all kinds of craft or embroidery machines.

A cleverly hidden platform above the top drawer

NEED MORE STORAGE? You can add a Rolla storage unit to match in with this model!

- ▶ Super sturdy with 6 castors in all, 4 being extra large, heavy duty, lockable wheels fitted to the main body - make's for easy mobility regardless of stored weight or once locked holds rigidly in your chosen place.
- ▶ Tough, knock resistant ABS edging surrounds the top of the table- for increased durability.
- ▶ A convenient slide out hooping platform that when not in use hides away above the top drawer- great for placing scissors etc... when table top is covered.
- ▶ 4 large deep drawers and the bottom drawer is extra deep; perfect for storing bulky machine accessories eg; cap frames...
- ▶ 4 large pigeon holes- ideal for storing large embroidery frames, cutting mats, magazines...
- ▶ Lift up work areas either side of the main body that are held in place by sturdy gate leg supports- have them either up or down when needed.
- ▶ 1" thick table top- helps eliminate vibration and limits operational noise with larger machines.

Please note that due to its finished size this unit is supplied in an easy-ready to assemble- form which makes for trouble free delivery or collection and will make upstairs or other more awkward locations no problem.

CLOSED - WIDE 88cm (34 1/2") DEEP 68cm (26 3/4") HIGH 94cm (37")

Huge storage capacity drawers and pigeon holes ideal for awkward specialist items e.g. embroidery hoops etc...

A perfect height to stand and work at!

The Hobby - chair

- the Horn Hobby Chair

R. QUINN,  
MCSP, Reg.Mem. HPC, Mem.IEHLF  
and ACPOHE  
"... working in partnership to address  
seating and back issues and provide positive  
preventative and corrective solutions."

As any hobbyist will tell you one of the most important things you'll need when sitting for long periods is a correct sitting posture, good support and probably most importantly comfort. We have all seen budget priced chairs which are photographed so beautifully but once you start to look a little deeper the photogenic façade starts to slip. Lack of adequate padding for instance or poor quality padding which starts to disintegrate within a very short period, low quality components which can look identical but last nowhere near as long or just plain bad manufacture; these are just a few examples. The Horn *HOBBY CHAIR* however, offers something for everyone, because after all we are all individuals with different needs. It features a 3 lever mechanism, this allows for huge precise adjustment, you can change not only the back height and rake position but also the tilt of the main seat, just like a luxury car seat. The Horn *HOBBY CHAIR* offers a sculptured, deep, luxuriously padded seat and back with an approved contoured support to fit into your body, it can be quickly raised or lowered to your desired position by means of a gas elevator and is fitted with a smaller castor base to allow you to fit easily into your sewing cabinet. To finish off the perfect chair it's available in four home friendly fabrics.

The perfect chair to finish off your perfect sewing room.

*"The best seat in the house is now endorsed & approved"*

**NEW!**

STOP PRESS.....

At time of printing also now available as a draughtsman style chair. This will allow you all the comfort and support of the current Horn Hobby chair but gives a greater sitting height of 87cm off the ground (normal chair being 56cm). This will be ideal for sitting at higher surfaces such as our HILO or Hobby table. (Due to the extra height and for safety reasons glides are fitted instead of castors).
